PEOPLES HEALTH APPOINTS IT MANAGER OF DESKTOP SUPPORT

Metairie, La. - Peoples Health has announced the appointment of Chris Bass to information technology (IT) manager of desktop support.

Bass will administer technical support for the organization, including administration and installation of software enhancements. He will also manage the Peoples Health Helpdesk and IT technicians who provide desktop support for over 450 employees in the Metairie corporate office as well as all satellite offices. The Helpdesk and IT technicians are available 24 hours and 7 days a week for employees working from the office or remotely from home.

Bass has 10 years experience in information technology. As an employee with Peoples Health, he has served as a personal computer technician, network administrator and most recently as lead technical support analyst, for which he ensured that personal computer hardware and software needs are met within the organization.

Bass earned his associate degree in electronic engineering from Southeast College of Technology.

About Peoples Health

Established in 1994, Peoples Health administers Medicare benefits for 42,000 southeast Louisiana residents enrolled in the Choices 65, Choices Plus, Secure Health, HealthCare Select and Peoples Health Group Medicare health plans. More than 450 employees work at Peoples Health corporate offices in Metairie, Louisiana, and a regional office in Baton Rouge. Peoples

PEOPLES HEALTH
