PEOPLES HEALTH APPOINTS IT MANAGER OF NETWORK ADMINISTRATION

Metairie, La. - Peoples Health has announced the appointment of Charles Redfearn to information technology (IT) manager of network administration.

Redfearn will oversee all aspects of network administration including servers, desktop systems, communications hardware and software, and office systems. He will also maintain the IT disaster recovery plan for the company's network, servers and data.

Redfearn has more than 10 years of experience in information technology. Redfearn most recently served as Peoples Health lead network administrator, for which he was responsible for the development and implementation of technology solutions that support all network administration business processes. Before joining Peoples Health, Redfearn worked for the Jefferson Parish Public School System, where he served as wide area network supervisor.

Redfearn attended The University of New Orleans and was a member of the United States Navy as a machinist mate fireman.

About Peoples Health

Established in 1994, Peoples Health administers Medicare benefits for 42,000 southeast Louisiana residents enrolled in the Choices 65, Choices Plus, Secure Health, HealthCare Select and Peoples Health Group Medicare health plans.
