PEOPLES HEALTH
A UnitedHealthcare Company

We have a plan for you!

Peoples Health is the choice of more than 150,000 people with Medicare in Louisiana. Founded in 1994 by medical providers and physicians, we focus on one thing: helping people with Medicare enjoy the best health possible.

Peoples Health has a long history of caring, compassionate, one-on-one service for our plan members. That commitment remains.

Peoples Health plan types

Peoples Health HMO-POS D-SNPs (Health Maintenance Organization Dual-Eligible Special Needs Plans) are available to people who have both Medicare and Medicaid. If you have both Medicare and medical assistance from the state, you may be eligible for one of these plans.

The following plan types are covered in separate booklets:

Peoples Health HMO-POS (Health Maintenance Organization) plans feature coordinated care through our extensive network of providers. Most of these plans include Part D drug coverage.

Peoples Health HMO-POS C-SNPs (Health Maintenance Organization Chronic Condition Special Needs Plans) are designed for people with diabetes, chronic heart failure or a cardiovascular disorder. Some benefits and services are tailored to support these conditions.

Point-of-service (POS) option allows out-of-network dental services. Those out-of-network services may have a higher cost to members.

Peoples Health + UnitedHealthcare

Since joining the UnitedHealthcare family, we've been able to expand many benefits and services. Members of the Peoples Health plans in this booklet can enjoy:

UCard—Get help with your everyday needs. A credit will be loaded onto your UnitedHealthcare UCard® every month to help pay for over-the-counter products, plus healthy food and utilities if you qualify. Shop in-store or online to buy covered pain relievers, cold remedies and more. Qualifying members could also use the credit to pay for covered groceries and home utilities like electricity, natural gas and water. You can also pay online or at your local Walmart MoneyCenter.

Even more ways to use your credit! You can also use your credit on wellness support like select fitness items.* Or, get assistance through The Helper Bees for in-home services, weight management counseling, caregiver relief and more.

Still, the best part is this: As a Peoples Health plan member, you enjoy the quality that comes from people who really care. Peoples Health is a company born and raised in Louisiana, and our members have been our neighbors, our friends and our family. It's simple. We want you to enjoy the best health possible.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract and a contract with the State Medicaid Program. Enrollment in the plan depends on the plan's contract renewal with Medicare. Benefits, features and/or devices may vary by plan/area. Limitations, exclusions and/or network restrictions may apply. OTC, food and utility benefits have expiration timeframes. Review your Evidence of Coverage (EOC) for more information. The healthy food and utilities benefit is a special supplemental benefit available only to chronically ill enrollees with a qualifying condition, such as diabetes, cardiovascular disorders, chronic heart failure, chronic high blood pressure and/or chronic high cholesterol, who also meet plan criteria indicating they are at high risk for hospitalization and eligible for intensive care coordination. If you use this benefit for certain utilities, it may be considered income for housing assistance. Check with your housing authority for details. This information is not intended to imply the recipient has a specific condition or disease nor requires a particular medical test or procedure. Routine transportation not for use in emergencies. A trip is one-way and roundtrip is two trips. Review your Evidence of Coverage (EOC) for more information. You'll pay $0 for Tier 1 and Tier 2 Part D-covered prescriptions across all payment stages when filling at a network pharmacy. Review your plan Drug List (Formulary) on UHC.com/Medicare for a list of covered prescription drugs, including those on Tier 1 and Tier 2. Y0066_27PHAEPQG_DSNP02_M 09/26
