2024

Live your best life with Peoples Health.

Peoples Health is the choice of more than 100,000 people with Medicare in Louisiana. Founded in 1994 by medical providers and physicians, we focus on one thing: helping people with Medicare enjoy the best health possible.

Today, Peoples Health is part of the UnitedHealthcare® family of plans. Peoples Health has a long history of caring, compassion and one-on-one service for our plan members. That commitment remains.

Peoples Health plan types

Peoples Health HMO-POS* (Health Maintenance Organization) plans feature coordinated care through our extensive network of providers. These plans include Part D drug coverage.

Peoples Health PPO (Preferred Provider Organization) plans let you choose in- or out-of-network providers. In most cases, you'll have lower out-of-pocket costs for services received in-network. We offer two PPO options, one with Part D drug coverage and one without.

Peoples Health HMO-POS* D-SNPs (Health Maintenance Organization Dual-Eligible Special Needs Plans) are covered in a separate booklet. These plans are available to people who have both Medicare and Medicaid. If you have both Medicare and medical assistance from the state, ask about our D-SNP options. You may be entitled to additional benefits.

* Point-of-service (POS) option allows out-of-network dental services. Those out-of-network services may have a higher cost to members. Dental coverage maximums vary by plan.

Peoples Health + UnitedHealthcare

Since joining the UnitedHealthcare family, we've been able to expand many benefits and services. And 2024 brings enhancements that have been on our wish list for years. Here are two big ones:

UCard—We've simplified access to benefits by making member ID cards work a little harder. Most Peoples Health plans offer an allowance for purchasing over-the-counter items. The allowance is loaded onto your member ID card, which we now call a UCard. You can use this allowance purchase covered items. Your UCard also lets you access your fitness benefit, too. No need to carry a separate fitness center membership card.

UnitedHealth Passport® program—Peoples Health has always offered worldwide emergency and urgent care coverage. Now members have access to plan-covered services while traveling outside their plan service area in the United States. The Passport program lets members access covered services with participating providers in the Passport service area at in-network costs.

Still, the best part is this: As a Peoples Health plan member, you enjoy the quality that comes from people who really care. Peoples Health is a company born and raised in Louisiana, and our members have been our neighbors, our friends and our family. It's simple. We want you to enjoy the best health possible.

PEOPLES HEALTH

A UnitedHealthcare Company

Get Ready for Medicare

Peoples Health is a Louisiana-based Medicare Advantage organization. Founded by physicians and medical providers, we choose to focus on one thing:

**Helping people with
Medicare.**

Let's Get Started

Choosing the right Medicare plan can be confusing. There are a lot of options to consider. Peoples Health is here to help make Medicare easy.

Peoples Health has been helping people with Medicare since 1994. Over those years, we've found that everybody's needs are different, but one thing remains the same: You need the coverage that works best for you.

We hope the information in this guide helps you understand your options. And we're always happy to talk through your questions, so you can be confident in your choices.

The ABCs (and D) of Medicare

Medicare Part A and Part B are commonly known as Original Medicare.

Medicare Part A is hospital insurance. It covers inpatient hospital stays, care in a skilled nursing facility, hospice care and some home health care. For most people, there is no monthly premium for Part A. (It's been paid for through payroll deductions and employer contributions over your or your spouse's working life.)

Medicare Part B is medical insurance for doctor visits, outpatient care, preventive services, etc. Medicare charges a monthly premium for Part B.

Medicare Part C is another name for Medicare Advantage plans. For these plans, Medicare contracts with insurance companies to provide benefits. These plans can offer more benefits than Original Medicare, and many also offer Part D drug coverage.

Medicare Part D is prescription drug coverage. It is offered by private insurers and often included with Medicare Advantage plans. Many Part D plans have a monthly premium.

Deductibles

Just like commercial health plans, some Medicare options require you to pay a deductible before your coverage begins. For instance, Medicare has deductibles for both Part A and Part B. Many Part D plans have deductibles, as well.

When choosing your coverage option, ask about the deductibles you may have to pay.

Most Peoples Health plans do not have a deductible for Part A, Part B or Part D.

Maximum Out-of-Pocket Amount

Annual maximum out-of-pocket costs, also known as MOOP, refers to the maximum amount you'll have to pay for certain services. After you reach that limit, the plan pays 100% of your costs and you pay \$0 for those services.

With Original Medicare, there is no MOOP or limit to the costs you might be responsible for. On the other hand, Medicare Advantage plans are required to limit your out-of-pocket costs for Medicare-covered services.

Keep in mind the phrase “Medicare-covered services.” If it’s an additional benefit not normally covered by Medicare—like Part D drug coverage, routine dental or routine hearing exams—the cost of the service may not apply to your MOOP limit.

Medicare Supplement Plans VS. Medicare Advantage Plans

Medicare supplements, sometimes called Medigap policies, are offered by private companies to help cover some of the costs you may face with Original Medicare. They charge a monthly premium on top of your Medicare Part B premium. Supplemental insurance policies only cover the benefits offered by Original Medicare. If you want routine dental, routine vision and fitness coverage or Part D drug coverage, you would need to buy those plans separately.

Medicare Advantage plans are contracted with and paid by the federal government to administer your Medicare benefits. Each plan may have a different approach to how it offers coverage. Peoples Health helps its members by coordinating care and helping members navigate the health care environment. Plus, with Peoples Health, you can get more benefits than Original Medicare with no plan premium beyond the Part B premium you pay Medicare.

More Than Medicare

Medicare Advantage plans can offer more benefits than Original Medicare. Peoples Health plans offer additional benefits without a monthly premium. You still pay your Medicare Part B premium, but you could enjoy additional benefits like:

Complimentary health club membership and access to online and community fitness resources

Routine vision coverage, including an allowance for eyeglasses or contacts

Routine and comprehensive dental coverage

Credit card allowance for over-the-counter items

Allowance for healthy groceries and utility bills*

Meals after hospital stays

Part D drug coverage with certain generic drugs for \$0[†] and no Part D deductible

*HMO-POS D-SNPs only. [†]\$0 long-term supply of tier 2 generic drugs available from preferred mail-order pharmacy. Benefit does not apply to Peoples Health Patriot (PPO).

Medicare Plan Types

There are several types of Medicare Advantage plans available to people with Medicare. Peoples Health offers three basic models:

- Our **Health Maintenance Organization (HMO-POS*)** plans offer coordinated care through a carefully selected network of providers. These plans include Part D prescription drug coverage.
- Our **Dual-Eligible Special Needs Plans (HMO-POS* D-SNPs)** also emphasize coordinated care, but with enhanced benefits. These plans are available to people who have both Medicare and Medicaid and also include Part D prescription drug coverage. Peoples Health offers different options depending on your level of Medicaid eligibility.
- Our **Preferred Provider Organization (PPO)** plans offer out-of-network coverage for providers that accept Medicare. As a member of one of these plans, you have the option to get services from a provider in our network, usually at greater savings, or get services out of network. We offer two PPO plans statewide. One has Part D drug coverage, and one does not.

*Point-of-Service (POS) option allows out-of-network dental services. Those out-of-network services may have a higher cost to members.

Enrollment Periods

Turning 65: If you're turning 65, your initial enrollment period starts 3 months before your birth month and ends 3 months after your birth month. The option to enroll in a Medicare Advantage plan is available to you during any of these 7 months.

Medicare's Annual Enrollment Period: Medicare's annual enrollment period starts October 15 and ends December 7. You can change the way you get your Medicare benefits during this time. Medicare Advantage plans are allowed to share information about the coming year's benefits starting October 1 of every year.

Other Special Enrollment Periods: There are a number of exceptions to the standard Medicare enrollment periods. Moving into a new area, having Medicaid and Medicare, or qualifying for Medicare's Part D "Extra Help" program are a few of those exceptions. Call the number on the back of this booklet to learn more.
